

GPYM Youth Epistle 2017

The youth this year engaged in three different things.

First, we talked about the Quaker testimonies, otherwise known as the SPICES. We went over each testimony in detail, then we discussed who would best represent each testimony.

We also wrote a “Story to Song” with Aaron Fowler. We interviewed Dean and Angela Young, then used the information from the interview to write a song about their lives together.

Lastly, we went to the recycle center with the younger kids. Beth McDonald gave us a tour of the facility, and we sorted the recycling that we brought in.
